

YOUR PATH TO
**GUIDANCE
SUPPORT
CHOICE**

The NH Balancing Incentive Program team would like to personally thank you for taking the time to learn more about NHCarePath and how you can support the federal vision of “advertising the no wrong door system, to establish it as the go-to system for community long term services and supports.”

As valued partners, we encourage you to visit the new partner’s page on our website, nhcarepath.org/partners. Here you will find links to valuable trainings, information packets for consumers and additional resources.

Over the next several weeks, please look for our weekly emails to provide you with resources and updated information on the NHCarePath campaign. To help us get the word out, please forward this and future emails to others in your agency!
